

Are you seeking a financial partner in Greenland?

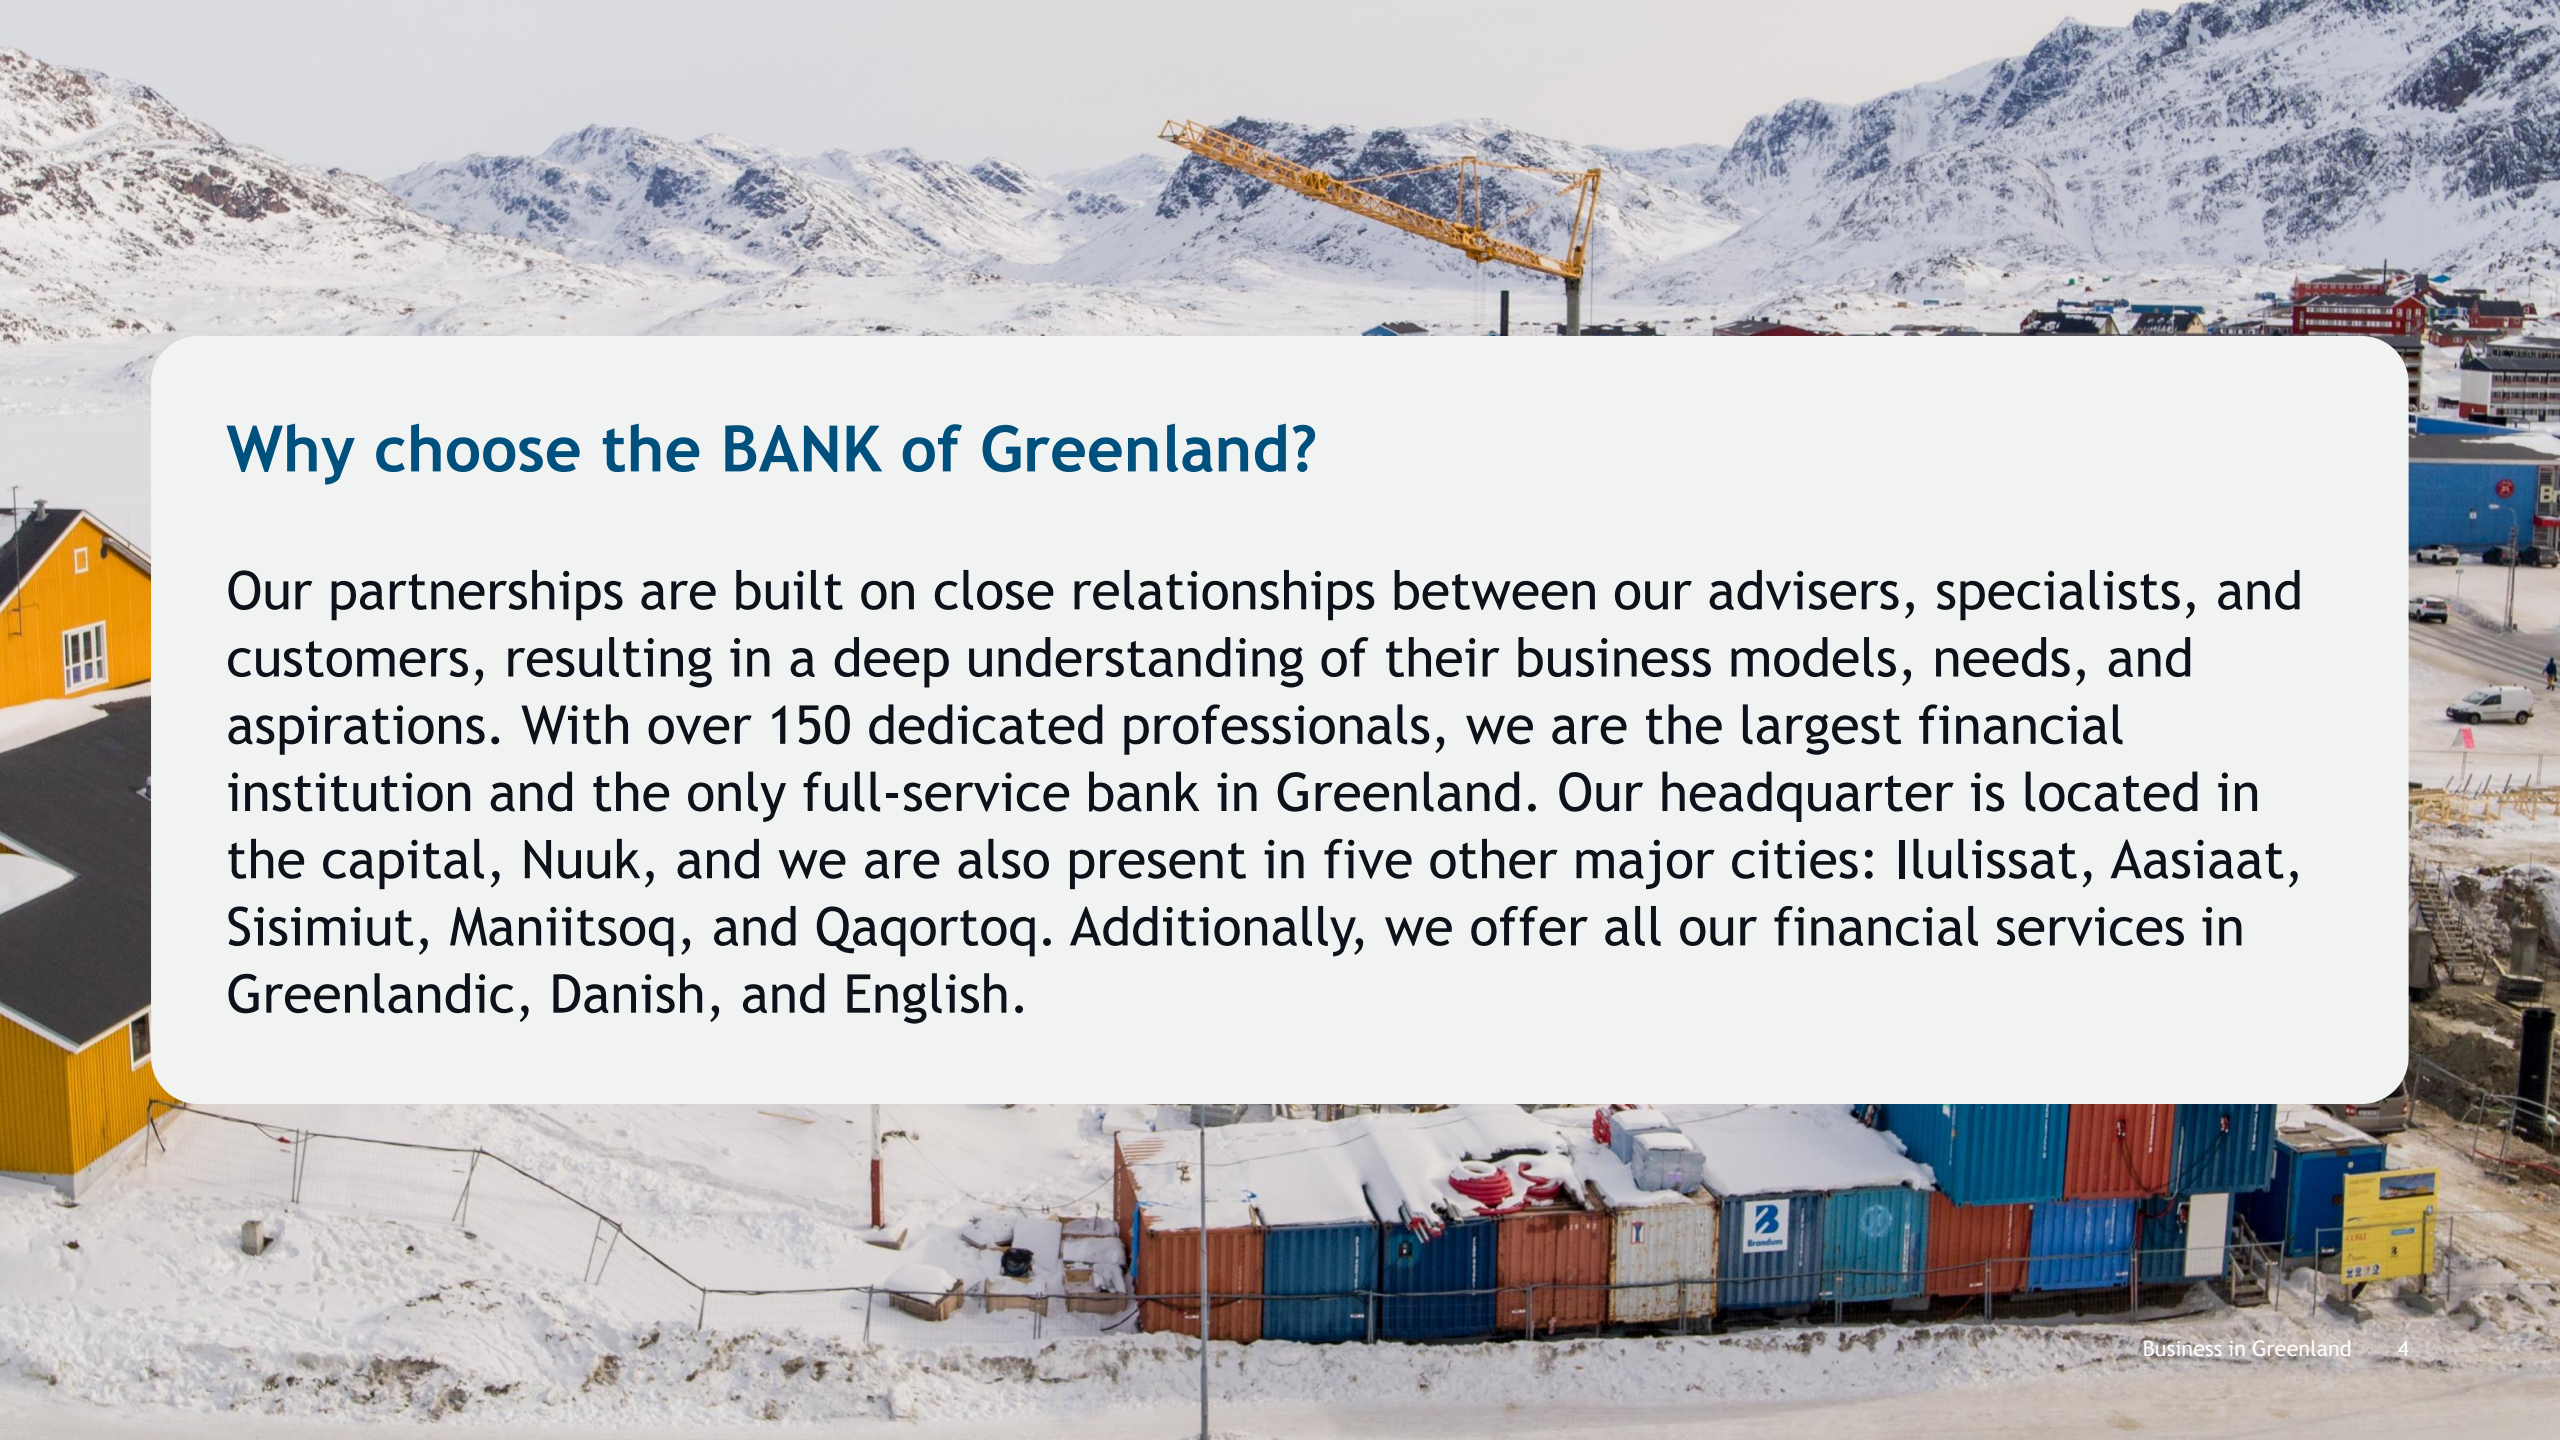

Locally anchored with a global perspective

The BANK of Greenland has been the leading choice for businesses since 1967. We are a trusted partner for public institutions as well as most large corporations in Greenland. At the same time, being deeply rooted in the local community, serving small businesses, fishermen, hunters, and farmers, always with their best interests in mind.

What we aspire to do

Our goal is to act as a catalyst for generating growth throughout Greenland. We achieve this by collaborating with other financial partners and providing our customers with the best solutions and opportunities available.

The background image shows a vast, snowy mountain range under a clear sky. In the middle ground, a yellow tower crane stands prominently. To the right, a small town with colorful buildings is visible. In the foreground, there are stacks of blue and red shipping containers, some with snow on top, and a yellow building on the left side.

Why choose the BANK of Greenland?

Our partnerships are built on close relationships between our advisers, specialists, and customers, resulting in a deep understanding of their business models, needs, and aspirations. With over 150 dedicated professionals, we are the largest financial institution and the only full-service bank in Greenland.
