

Your business opportunity in  
Greenland through financing

NALIK  
VENTURES

Nalik Ventures offers financing in growth companies, start-ups, new projects with well founded business plan, and promising prospect

We offer different types of financing that are adapted to your company's needs, the most important thing is that your company can develop and grow afterwards

*Nalik Ventures is owned by the Government of Greenland, and a key player in business development in Greenland by financing and giving advice to start-up companies that may contribute substantially to growth, employment and local ownership in Greenland.*

We have a mission to strengthen  
Greenlandic growth through  
the financing cooperation

More than funding  
Turning an idea into reality takes more than money.  
It takes guidance, structure, and a partner  
who understands what it means to build in Greenland
